

Mooring System Management Plan and
Line Management Plan – Section 2
Part B1 – Port Mooring Records

SECTION 2 - PART B

B1 – PORT MOORING RECORDS

Port mooring records must be maintained in this section. It must contain all details of the port operation in terms of mooring operation.

- a) The SMS Form MA075 - Port Mooring Operations Record must be made for each port called.
- b) When the terminal is provided with load monitoring records or when such load monitors are available on board, the record of line loads must be obtained and filed in section 1.2 of this plan
- c) Check the load monitoring records to confirm that line has not been loaded more than 50%/55% of its WLL (Working Load Limit).
