

## How does hide/unhide button work?

Clicking on  **hide / unhide** button, a right-hand tab menu will appear which shows the volume's list & you will see the screen as below:

Click

After clicking tab menu appears.

- **NOTE :** The above right hand tab menu shows the Volumes list in the dashboard and also in other menus like Common Manuals & Plans , but when clicked after accessing a vessel from of ship's Specific Tab menu it will show ship's particular manuals on the Right.
