

TAI CHONG CHEANG STEAMSHIP CO (SINGAPORE) PTE LTD

HEALTH POLICY

As a shipping Company, we commit ourselves

**TO PROVIDE AND SUPPORT TO HAVE HEALTHY CREW
WORKING ONBOARD**

To attain this objective, the Company has taken account of the need of the crew toward healthy living:

1. The management ashore is committed and fully supports to have healthy crew working on board which includes launching any health programme and campaign for the benefit of the crew.
2. Provide healthy working conditions for the crew and to ensure that their work will not adversely affect the health.
3. Provide training to the crew on health awareness.
4. Keep the crew closely informed on Health topics by sending periodical newsletter or Fleet Advisory.
5. Keep the crew timely informed of new legislation and potential hazards which might affect them.
6. Ensure health measures are followed in keeping with Industry best practices and any recommendation provided by the Flag Administration.
7. Prohibit the use and supply of any materials which may cause health hazard to the crew on board.
8. Identify the risks to health involved with the Company's business activities and the necessary precautions required.
9. Committed to improve the health standards at work.

It is the responsibility of the crew to **CARE FOR HIS OWN HEALTH AND OF OTHER**. It is the duty of all the crew to act responsibly to make the **PLACE 'THEY' LIVE DECENTLY HABITABLE**.
