

VOC MANAGEMENT PLAN
Chapter 12 – Designated Person

12.1 Qualification of Designated Person

A person should be designated to assume overall charge of the VOC management on board the ship.

The designated person should preferably have:

- 1) At least one year of experience on crude oil tankers where his or her duties have included all cargo handling operations relevant to VOC management. In the absence of experience with VOC management, he or she should have completed a training programme in VOC management as specified in the VOC management plan;
- 2) Participated at least twice in cargo loading operations, Crude Oil Washing Operations and transit where VOC management procedures have been applied, one of which should be on the particular ship or a similar ship in all relevant aspects, for which he or she is to undertake the responsibility of VOC management; and
- 3) Full knowledge of the contents of the VOC management plan.

12.2 Designated Person of the Vessel

The designated person of the vessel is as the following:

- The designated person • • Chief Officer.

The designated person should notify personnel engaged in cargo handling of crude oil of matters stipulated in this plan as well as train them and may assign appropriate personnel to carry out the relevant tasks.
