Originally published on 28 August 2018 Revised on 5 September 2018

Applicable to: This circular should be brought to the attention to all Singapore-registered ship owners, managers and shipmasters on the reporting procedures of all incidents involving Singapore-registered ships.

Reporting of Incidents Involving Singapore-Registered Ships

This Shipping Circular serves to inform owners, managers and shipmasters of Singapore-registered ships on the procedure of reporting of any marine casualty, marine incident or marine security-related-incidents involving Singapore-registered ships.

- These incidents may include an event, or a sequence of events, which resulted in any of the following occurrences directly in connection with the operations of a ship:
 - 1. the death of, or serious injury to, a person;
 - 2. the loss of a person from a ship;
 - 3. the loss, presumed loss or abandonment of a ship;
 - 4. material damage to a ship;
 - 5. the stranding or disabling of a ship, or the involvement of a ship in a collision;
 - material damage to marine infrastructure external to a ship, that could seriously endanger the safety of the ship, another ship or an individual; or
 - 7. severe damage to the environment, or the potential for severe damage to the environment, brought about by the damage of a ship or ships.

Initial Immediate Reporting

- The general principle in any incident is that urgent steps on the ground, in accordance with ships' and companies' approved plans, must first be taken by the shipboard personnel and companies to prevent further deterioration of the situation with regard to safety of lives at sea and protection of the marine environment. Once this is ensured, the owner, manager and shipmaster of the affected Singapore-registered ships should alert MPA of the incident immediately or at the latest, within 2 hours. Alerting MPA of the incident in a timely manner is paramount for Singapore as the Flag Administration of Singapore-registered ships for information sharing with other agencies.
- This initial reporting to alert MPA on an immediate basis can take place before completing the detailed incident reporting format as mentioned in paragraphs 5 or 8 of this Shipping Circular. MPA can be informed of this initial alert, either in writing via emails to the following addresses: shipping@mpa.gov.sg, marine@mpa.gov.sg and mmo@mpa.gov.sg; or verbally over the phone via the SRS Hotline at +65 62255777 (6-CALL-SRS). The initial report should be in the following format:

1. Type of incident	
(collision, grounding, fire, hull breach, death/serious injuries to any person,	
work accident, etc)	
2. Pollution to environment (if any)	
(pollutant-type & amount spilled)	
3. Date and time	
(in local time and time zone)	
4. Location of incident	
(Lat, Long, etc.)	
5. Injuries (number and severity)	
and/or damage (location & severity)	

and/or pollution (pollutant-type & amount spilled)	
6. Current status of incident	
(e.g. under control/mitigation ongoing)	

Detailed Reporting of Incidents after Initial Alert

Owners, managers and shipmasters of Singapore ships are also reminded to submit the marine casualty or marine incident using the form (Annex A) to the Director of Marine within 24 hours in accordance with the provisions of Section 107¹ of the Merchant Shipping Act (Cap 179). Failure to comply with this section without reasonable cause is an offence which carries a maximum penalty of S\$10,000 fine. The form (Annex A) will assist the owners and masters in providing the relevant information required for MPA to determine the cause of the accident and to conduct follow up investigations, if required. The completed report can be sent to MPA via email: shipping@mpa.gov.sg and mmo@mpa.gov.sg or fax: (65) 6375 6231. MPA Shipping Circular No. 12 of 2014 provides guidance on recommended steps to take within to assist in the investigation.

a) has sustained or caused an accident occasioning loss of life or serious injury to a person;

- has sustained an accident or received damage, or otherwise sustained a defect or deficiency in the ship or its equipment which has been discovered, and the accident, damage, defect or deficiency has affected, or is likely to affect the sea- worthiness of the ship, or the efficiency or completeness of the life-saving appliances or other safety equipment of the ship;
- c) has been in a position of great peril, either from the action of some other ship or from danger of wreck or collision; or
- d) has been stranded or wrecked,

the owner or the master of the ship shall, within 24 hours of the happening, report the happening to the Director

(2) Any owner or master of a ship who fails without reasonable cause to comply with this section shall be guilty of an offence and shall be liable on conviction to a fine not exceeding \$10,000.

¹ **107.**(1) Where a ship -

- In relation to the detailed reporting requirement, owners, managers and shipmasters may like to note that the Authority may, for the purpose of conducting post-accident investigations:
 - 1. board and inspect the ship;
 - 2. require books, certificates and documents to be produced;
 - muster the crew and passengers and require them to answer questions;
 - 4. require the ship to be taken into a dock for hull surveys in accordance with the provisions of Section 205² of the Merchant Shipping Act (Cap 179).
- 7 Failure of any persons to extend their fullest co-operation to the Authority in the conduct of investigations may amount to an offence.

Reporting to the Ministry of Manpower (MOM)

For the purpose of administration of compensation to seafarers under the Work Injury Compensation Act (WICA), employers are reminded to report marine casualty or marine incident that result in loss of life or serious injuries to MOM via iReport (http://www.mom.gov.sg/ireport) within 10 days of an occurrence. A serious injury/condition is defined as one that renders the seafarer unfit to work for more than 3 consecutive days or hospitalised for at least 24 hours, commencing within 7 days from the day when the injury/condition was suffered. This should be read in conjunction with MPA Shipping Circular No. 4 of 2013 which is still in force.

² **205**. -(1) The Director, the Port Master, a Port Health Officer, a surveyor of ships or a police officer may, at any time, for the purposes of this Act –

a) go on board any ship and inspect and examine the ship or any part thereof or its equipment;

b) enter and inspect any premises;

c) require and enforce the production of any book, certificate or document relating to any ship or persons on board the ship;

d) muster the crew and passengers of any ship;

e) summon any person before him and require him to answer questions; and

f) require any ship to be taken into a dock for the purpose of surveying the hull.

Detailed Reporting of Security-related Incidents after Initial Alerts

- 9 Follow–up reporting of security-related incidents involving Singapore-registered ships should be made by completing the Form (**Annex B**) and sent to MPA via email: shipalert@mpa.gov.sg and marine@mpa.gov.sg or fax: (65) 6375 6231 within 24 hours of the occurrence of the security-related incident. In the event of a security-related incident requiring urgent assistance, Owners, managers and shipmasters may wish to call (65) 6226 5539. Please note that this number is dedicated for emergency purposes.
- 10 This shipping circular supersedes Shipping Circular No. 6 of 2010, and Shipping Circular No. 3 of 2014.
- Any queries relating to this shipping circular should be directed to the Singapore Registry of Ships' dedicated contact via email: marine@mpa.gov.sg and tel: (65) 6375 1932.
